UNIVERSITY OF CALIFORNIA
Agriculture and Natural Resources UC Master Food Preserver Program

UC Master Gardeners of Santa Barbara County present:

A FREE, IN-PERSON CHILDREN'S GARDENING PROGRAM

The UC Master Gardeners of Santa Barbara County invite you to *Pest or Pal?*, a collaborative event between the Santa Barbara Master Gardeners, the Lompoc Public Library, CalFresh Program, and the Master Food Preservers.

The event is geared for children ages 8-12 years. Children will have the opportunity to learn from the Master Gardeners about common garden insects, which are garden helpers and which need to be relocated out of the garden to a new home. Library volunteers will read a story time book. And the Master food Preservers will provide a delicious food tasting and take home recipe.

We hope you together with your child will join us for this fun event.

BECOME A MASTER GARDENER!

UC Master Gardeners of Santa Barbara County present:

A FREE, IN-PERSON CHILDREN'S GARDENING PROGRAM

The UC Master Gardeners of Santa Barbara County invite you to *Seed Magic!*, a collaborative event between the Santa Barbara Master Gardeners, the Lompoc Public Library, CalFresh Program, and the Master Food Preservers.

The event is geared for youth ages 8-12 years. Children will have the opportunity to learn from the Master Gardener's about seeds, how to plant seeds, how a seed grows into a plant, the parts of a plant, and how to care for plants. Library volunteers will read a story time book, and the Master Food Preservers will provide a delicious food tasting and take home recipe.

We hope you together with your child will join us for this fun event.
