Your generous gifts will support research-based programming that impacts the health and resilience of our community.

Testimonials for our 2022 programming in Santa Barbara County:

"Got information I can use immediately."

"As a new gardener I'm learning so much useful information."

"This course and all their wisdom are a treasure for our community."

We hope you will join us in our 24-hour fundraising drive!

It's the generosity of individuals and volunteers like you that support our efforts to share gardening expertise in communities across the state. Our goal for UC ANR Giving Day is to inspire 500+ Californians to give. We hope you're one of them!
